

Blacksburg Volunteer Rescue Squad Standby Request Form

Completed standby forms will be reviewed to ensure proper staffing and evaluate the request. You will be contacted by our Community Relations Manager if further information is needed and to work out the appropriate level of coverage for your event. Please understand our station is always staffed to answer 9-1-1 calls and if your event is small or low-risk, a standby might not be necessary. Stand by requests must be submitted **AT LEAST 2 WEEKS** prior to the event.

Standby rates:

- \$50/hour per Ambulance
- \$50/hour for specialty units (all-terrain/limited access vehicle, incident command, technical rescue team, etc.)

After confirming the resource needs and gaining approval for the standby, we will send you an invoice. Payment is expected prior to the standby event.

Fees for free community events, MCPS, charities, and other non-profits may be waived. If you feel this applies, please explain in the Additional Information section below.
